JOAN A. RIEGO-SALISIPAN

Sr. Monitoring Analyst

CAREER SUMMARY

Adaptable professional with a diverse background in office administration, secretarial and system support, technical documentation, quality assurance, and digital solutions. Experienced in preparing documentation, reports, user manuals, meeting materials, and administrative requirements, as well as supporting system implementation, testing, and users. Currently seeking new career opportunities in Doha, Qatar, where I can apply my experience in system support, technical documentation, QA, and digital solutions while continuing to grow in Technical Writing, UI/UX Design, and Frontend Development. Currently developing skills in HTML, CSS, JavaScript, React, Next.js, Tailwind CSS, and AI Technologies.
